The uniPAY NEXT Advantage Series

Instant Transaction Status (ITS)

The Problem : Transaction failed, but don't know why?

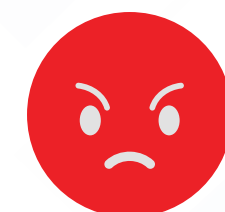

Cashier inserts Customer Card in EDC

If transaction gets declined...

Cashier unsure of further action. Customer getting irate

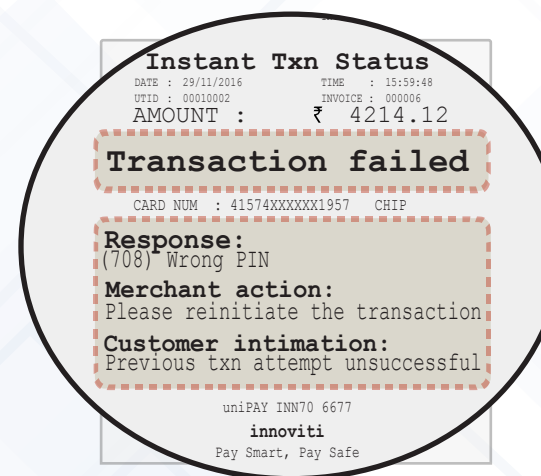

The Solution : ITS slip offering instant support for failed transactions

Cashier inserts Customer Card in uniPAY NEXT EDC

If the transaction gets declined, an Instant Transaction Status (ITS) slip is printed to offer cashier an instant remedy

ITS slip displays the Error msg, prompts the cashier action. Cashier clear on the message that he must communicate to customer
